

# PM Wani License Registration in India

## What is PM – WANI ?

It's Full form is PRIME MINISTER (PM) – Wi-Fi ACCESS NETWORK INTERFACE (WANI).

This was approved by Honorable Prime Minister on 09-12- 2020 Main Framework of this is to increase Broadband Services through Public Wi-Fi networks. Which will ease the goal of digital India by providing high speed Broadband Internet Services to remote area though Wifi networks.

What is the Framework of PM- WANI?

This will be operated by different players which are described below :-

### 1. Public Data Office (PDO)

They will be local shops and small establishments who will become Wi-Fi providers. They do not require any license or registration and also they are not required to pay any fee to DoT.

NO REGISTRATION AND NO FEE is required to become a PDO. They will connect their Wi Fi Access points with Internet through Licensed Service Providers only in that area. Then they can deliver broadband services to subscribers through WANI compliant Wi-Fi access points.

## 2. Public Data Office Aggregator (PDOA)

Only those companies which are registered under companies act 2013 are eligible for PDOA means company should be a private limited .They have to get registered under DOT and there is no fee for registration.

Registration is must.The registration process is an online process and will be completed within 7 working days of the receipt of application. Their main function will be to authorization and accounting of PDO's subscribers . They declare the tariff for subscribers and keep account of usage of each subscriber.

## 3. App Provider

Only those companies which are registered under companies act 2013 are only eligible for APP Provider means company should be a private limited .They have to get registered under DOT and there is no fee for registration. Registration is must and are not required to pay any fee for registration .The registration process is an online process and will be completed within 7 working days of the receipt of application.

They will develop an Application to register users and discover WANI compliant Wi-Fi hotspots in the nearby area and display the same within the App for accessing the internet service. App Provider will develop and maintain a software application and authentication for users to signup, discover WANI compliant Wi-Fi hotspots, and do single-click connect from within the App. They will authenticate each subscriber periodically based on some predefined algorithm.

## 4. Central Registry

The Central Registry will be maintained by C-DoT. It will maintain WANI architecture and specifications, the details of App Providers, PDOAs, and PDOs.

WANI ensures the working among systems and software applications used by PDOA, PDO, App Provider, and Central Registry.

## Frequently Asked Questions

Who will provide registration to PDOAs and App Providers?

The registration to PDOAs and App Providers will be granted by DoT within seven working days. The registration certificate will be automatically generated after seven working days.

Is any fee charged by DoT for registration of PDOAs and App Providers?

No FEE is charged by DoT for registration of PDOAs and App Providers. Its FREE registration

Do PODs require any registration or Fee by DOT ?

No registration and no fee is charged by Dot from POD's.

Who are POD's ?

They are local shops and small establishments who will become Wi-Fi providers. They do not require any license or registration and also they are not required to pay any fee to DoT.

After registration at DoT what PDOA and App Provider have to do?

The PDOA and App Provider is required to sign up at the Central Registry in order to maintain its network element information as per PM-WANI Framework. It is needed for certification of systems so that the system will be able to exchange and use information with all the PDOAs or App Providers participating in the ecosystem.
