What is Company Registration?

- In India, company registration is also referred to as incorporation of company or formation of a business.

- Registering your company makes your business a distinguished entity and gives it a legal existence.

- The company registration process in India is done under the Ministry of Corporate Affairs.

Company Registration Requirements

- There is no restriction requiring mandatory company based on sales turnover or capital contribution.

- Hence, a business with any amount of turnover or capital can be operated as a Proprietorship or Partnership or Limited Liability Partnership or Private Limited Company.

- Any business or an enterprise must register legally under the Companies Act of 2013.

Types of Company Registration

- There are several types of company registration in India. Major types of Company Registration are:
  - Private Limited Company Registration
  - Public Limited Company Registration
  - Partnership Company Registration
  - OPC One Person Company Registration
  - Sole Proprietorship Business Registration
